

Learn to Skate

LEARN TO SKATE MISSION STATEMENT

The Floyd Hall Arena Learn to Skate program offers a variety of classes and levels to suit every skater's needs. Our highly qualified and certified instructors and small class sizes will help every skater progress at his/her own pace.

Floyd Hall Arena follows the Ice Skating Institute Learn to Skate Curriculum. Children and adults begin at the Tot or PreAlpha level depending upon their age and ability. Skaters will progress from learning the basics of balance, marching and gliding and gradually advance to levels where they will learn about crossovers, backwards skating, and even spins and jumps! (Please see the reverse side for a schedule and description of the various levels.)

Upon completion of the Tot 3 and PreAlpha levels, skaters may choose to continue their development in the Floyd Hall Arena Hockey or Rising Skater program. Please see your coach or our Skating Director for more information
